CAUGHT IN A BIG PIT

Six Men Dead and Ten in Hospital Who Are Not Expected to Recover.

FOUR OTHERS PAINFULLY BURNED.

Large Quantities of White Hot Dust Forced Down a Pipe on the Unfortunate Men.

Their Cries of Agony, as They Writhe in the Lava-Like Stuff, Could Be Heard for Nearly a Block.

Pittsburg, April 1.—An accident at Furnace I, of the Edgar Thomson plant of the Carnegie Steel Co., at Braddock, is expected to prove one of the worst in the history of the plant in the number of deaths resulting. Twenty men were injured, six of whom are dead and ten are in the hospital and are not expected to recover. The other injured went to their homes and are suffering from painful burns.

The accident was caused by a "hang" in the furnace dropping and forcing large quantities of white hot dust down a large pipe into a pit where the men were at work. The victims were caught like rats in a trap without means of escape and all were burned and blistered over their entire bodies and large strips of flesh peeled off of their bodies when they were pulled out of the pit by fellow-workmen. The cries of agony of the victims as they writhed in the lava-like stuff from which they were vainly trying to extricate themselves, could be heard for nearly a block away. Hundreds of workmen from other portions of the plant rushed to the rescue of their fellows and as quickly as possible pulled them from the pit and carried them to the emergency hospital. Seven of the men were completely nude when their bodies reached the hospital and the others had but a few shreds of clothing upon them. The bodies of the fatally burned could scarcely be recognized as such. They were blackened or shredded in strips by the white hot "down comers" dust that burned into their flesh. Many of the men had large splashes of molten iron that had struck them and burned through to the bone.

Furnace I is equipped with the famous electric "skids" and are now used on all United States steel corporation's blast furnaces.

James Gayley, now first vice president of the United States steel corporation, while general manager of the Edgar Thomson steel works and blast furnaces at Braddock, said on an occasion somewhat similar to that of Tuesday, if a furnace was working well and making regular casts there was no blast furnace men in the country who could tell whether that furnace would hang and cause an explosion. He said that if any invention could be brought forward that could forecast "hangings" it would be the greatest invention in blast furnace history and would save many lives as well as much loss to blast furnace corporations.

COAL DUST IGNITED.

Five Men Were Killed and Four Fatally Injured in a Mine.

St. Louis, April 1.—A special from Sandoval, Ill., says five men were killed and four fatally injured by an explosion in the coal mine here Tuesday. Three of the dead men leave families.

It is thought the explosion was caused by a windy shot igniting the coal dust.

Child Kidnapped.

Omaha, Neb., April 1.—Albert Strohmeier, of Kansas City, aided by his wife and son, Tuesday kidnapped Lola Young, the adopted 11-year-old daughter of Mr. and Mrs. L. A. Young, prominent Omaha people. She is the daughter of Strohmeier by a former wife. The men made their escape with the child in a buggy, but Mrs. Strohmeier was arrested as she was attempting to escape on a street car.

Fatally Wounded Two, Killed Himself.

Kansas City, Mo., April 1.—While suffering from dementia, Frank Candee, aged 45 years, Tuesday night shot and mortally wounded his brother, Nathan R. Candee, aged 38 years, and his sister, Oline Candee, aged 35 years, after which he shot and fatally wounded himself.

Wilkesbarre, Pa., April 1.—No. 10 trolley of the Lehigh and Wilkesbarre Coal Co., located at Sugar Notch, five miles from here, will be reopened for work within the next week. Eight years ago it was abandoned.

A DOUBLE TRAGEDY.

Woman and Man Fatally Wounded, Found Side By Side.

New York, April 1.—Newton Schoonmaker, a mechanic living in Pine street, Brooklyn, on returning home Tuesday night found his wife, Leila, lying unconscious with a bullet in her breast and beside her Percival Covert, a young man living in Euclid avenue, also unconscious, with a bullet wound in his head and a revolver, of which two chambers had been discharged, lying beside him. The man and woman were taken to the hospital where Covert died without recovering consciousness. Mrs. Schoonmaker, who is 28 years old, recovered sufficiently to say that Covert had done the deed. She made no explanation of the cause of the tragedy and her condition was such that it was impossible to obtain any further statement from her. Schoonmaker himself was unable to throw any light on the affair.

On the dead man the police found two letters, one addressed to Covert's mother, of St. Albans, Vt., and the other to George Carstairs. In these letters the police say Covert admitted that he had embezzled several thousand dollars from the Williamsburg Trust Co., in whose branch office in Brooklyn he was employed, and that he had determined to kill himself. Mrs. Schoonmaker is the mother of two young children who were asleep in the room next to that in which the shooting took place. There is little hope for her recovery.

BIG GUN WORK.

Report of Target Practice Shows a Steady Increase in Proficiency.

Washington, April 1.—Ever since the maneuvers in the Caribbean began last winter the navy department has been watching the big gun work of the American ships and separate sheets in the department show exactly the results obtained from every shot fired in target practice on every ship.

When the maneuvers began the practice was not very good because of the large amount of green material in the crews, but the reports show a steady increase in proficiency that is extremely gratifying to the general board here. Last week Commander Winslow brought a report of extraordinary practice by the Massachusetts with the big turret guns and now comes a report from the little battleship Texas, of Santiago fame, that is at least satisfactory. This shows when engaged at target practice at 1,600 yards, the target measuring 21 by 17 feet (high) one pointer made 100 per cent of hits, another 70 per cent, and many 50 per cent.

BURDICK INQUEST VERDICT.

Arthur R. Pennell Practically Charged Mended for Commissions in Army.

Buffalo, N. Y., April 1.—The verdict in the Burdick inquest, handed down by Judge Murphy Tuesday, while stating that the identity of the murderer of Edwin L. Burdick has not been proven, practically charges Arthur R. Pennell, the dead lawyer, with the crime.

Pennell had a stronger motive than any one else for putting Burdick out of the way, Judge Murphy says, and all the facts brought out by the inquest constitute just grounds for the issuance of a warrant against Pennell if he were alive. The verdict is softened somewhat so far as it relates to Pennell by the statement that if Pennell were alive he would be given the presumption of innocence until proven guilty.

ARTHILLERY PIECE OVERTURNED.

A Corporal Killed and Three Soldiers Badly Injured.

Washington, April 1.—The overturning of a heavy piece of artillery in the drill hall at Fort Myer, Va., during the regular drill of the Fourth battery of field artillery, commanded by Capt. Stephen M. Foote, caused the death of a corporal and the injury of three other soldiers.

When the accident occurred the battery detachment, consisting of four pieces, was tearing at a gallop around the drill hall in column. As the heavy guns took the turn at a corner the wheels of the leading piece struck a rail under the tanbark and the entire piece was turned upside down.

Escaped From Jail.

Liberty, Ky., April 1.—Geo. Rhineheart, who was held over until circuit court, having confessed to breaking into six stores here in January, broke jail by cutting the bars over the jail window.

Was Ninety Years Old.

Owensboro, Ky., April 1.—Mrs. Lucy Waltrip, one of the oldest residents of McLean county, died of infirmities incidental to old age at her home at Rumsey. She was 90 years of age.

PRESIDENT'S TRIP.

The Special Train is One of the Finest Ever Run Out of Washington.

IT CONSISTS OF SIX COACHES.

The Trip Will Continue From April 1 to June 5,--Nine Weeks and Three Days.

During That Time the Presidential Party Will Travel About 14,000 Miles—A Description of the Palatial Train.

Washington, April 1.—The special train on which the president left Wednesday morning for his western trip is one of the finest that ever ran out of Washington. It has been specially decorated and equipped for the trip. It consists of six cars, manned by a picked crew with Conductor William H. Johnson, who has been with the president on many trips, in charge. Spencer Murray will be in charge of the president's car which will be the private car Elysian. It has a parlor and observation compartment, three state sleeping rooms, a dining room, two sleeper sections, a kitchen and sleeping sections for servants. The other cars of the train will be the Texas, a compartment sleeper; the Senegal, a section sleeper; the St. James, a diner; the Atlantic, a combination buffet and baggage car, and a regular baggage car. The trip will continue from April 1 to June 5—nine weeks and three days. During that time the president will travel about 14,000 miles. John Burroughs, the poet naturalist of New York, arrived here Tuesday. He will accompany President Roosevelt until he arrives at St. Louis, making the tour of Yellowstone park with him. From St. Louis Mr. Burroughs will return to New York. President Nicholas Murray Butler, of Columbia university, will join the party at St. Louis and will be the president's guest until he arrives in California. When that state is reached the president will be joined by Benjamin Ide Wheeler, president of the University of California, who will accompany him through the state.

WAYNE MACVEIGH.

Selected to Represent the United States at The Hague.

Washington, April 1.—The president has selected Wayne MacVeigh, of Pittsburgh, who was a member of the cabinet of President Garfield, to represent the United States at The Hague when the arbitration tribunal considers the question of preferential treatment as between the allied and non-aligned powers having claims against Venezuela. In view of the smallness of the claims of some of the non-aligned powers, it is not improbable that Mr. MacVeigh may be requested also to assume charge of other interests than those of his own countrymen. Otherwise there will be a most formidable array of legal talent to present some rather insignificant issues.

PENSION APPEALS.

About 1,600 Cases Were Disposed of During the Month of March.

Washington, April 1.—During the month of March the interior department, through its board of pension appeals, disposed of 1,600 appeals in pension cases, which is 300 in excess of the record for any previous month in the history of the department. Assistant Secretary Miller expressed the opinion that at the present rate of increase the time is not far distant when pension appeals can be disposed of within 60 days after their filing as against the present average of 18 months. There are now about 14,000 cases on appeal in the office and about 600 new ones are received each month.

TREATMENT OF THE MOROS.

Religion, Slavery and Polygamy Will Not Be Interfered With.

Washington, April 1.—Gen. Wood, it is stated, is not to interfere with conditions in the Moro country, so far as they relate to religious practices and slavery and polygamy. The war department has determined to treat the Moros according to the policy adopted for the government of the American Indians. Guided by the reports of American officers, like those of Capt. Pershing, the department is convinced that this is not the time to attempt innovations among the Moros. Later when the United States authority is more fully established the general extinction of slavery and suppression of polygamy may be attempted.

DR. W. H. LAWWILL.

A Former Resident of Mayslick Passed Away Sunday Night at His Home in Boyle County.

Dr. W. H. Lawwill, formerly of Mayslick, died Sunday night at his home near Shelby City, Boyle County, after an illness of several weeks. He was seventy-six years of age, and death was in great part due to the infirmities of old age, says the Danville Advocate.

Dr. Lawwill removed to Boyle County from Mason for the purpose of educating his family, and located on the farm where he died. Though educated for a physician at the Ohio Medical College in Cincinnati, of which he was the oldest graduate, he had not practiced medicine for many years. He had been engaged in farming since his removal to Boyle.

Dr. Lawwill was born in Brown County, Ohio, in 1826. He taught school in early life, and laid the foundation for an academic and professional education. He was pre-eminently a self-made man, having won his way through life by unaided efforts. In 1865 he was married to Miss Mary J. Wells, of this county. After her death he was married to Miss Mefford, also of this county, who died only a short time ago. He is survived by seven children,—Edward, William S., John, Thomas, Frank, Joseph and Stewart.

The funeral was held Tuesday at the Second Presbyterian Church of Danville, in which he had been an Elder many years, and the remains were brought here last night and laid to rest in the Maysville Cemetery this morning, Rev. Dr. John Barbour conducting short services at the grave.

The old one-story brick and frame dwelling of Jos. Jordan, colored, on south side of East Fourth street, near the city limits, burned last night at 10 o'clock. Jordan is in the pest house, being one of the first sent out during the recent outbreak of smallpox. Two of his children died in the burned house, the family having concealed the disease for ten days after being stricken. The loss is about \$150. The building was insured, the Limehouse Building Association having a lien on the house and lot for about \$250.

FEATHER-WEIGHTS

Young Corbett Knocked Out Terry McGovern in the Eleventh Round at San Francisco.

FORMER FOUGHT LIKE A MACHINE.

There is a Dispute as to Whether McGovern Was Down at the Count of Ten.

For a Few Minutes It Looked as If There Would Be a Free-For-All Fight Among the Spectators Present.

Mechanics Pavilion, San Francisco, April 1.—William Rothwell, better known as "Young Corbett," of Denver, showed decisively Tuesday night that his victory over Terry McGovern, of Brooklyn, at Hartford a year ago last Thanksgiving, was no fluke, by defeating McGovern in the 11th round after a fight in which there was not a second of idleness for either man. In nearly every round Corbett, fighting like a machine, never overlooking an opportunity to send home his blows, had a shade the better of the argument, and when finally in the 11th round he got the Brooklyn boy fairly going, he never let up on him until Terry sank to the floor, a badly defeated man. Corbett put McGovern down in the first round for a count of seven and repeated it in the second.

There was some question as to whether or not McGovern was down at the count of ten, and for a few minutes it looked as if there would be a free-for-all fight. McGovern tried to get up, tried hard, and was on his feet an instant after the timekeeper counted him out. George Harding, the club timekeeper, who counted McGovern out, stated after the fight that the blows that knocked McGovern out were left and right swings on the jaw and a right uppercut on the chin. Harding said McGovern was in a dazed condition; that when he had counted nine he motioned him to get up but McGovern was too confused to notice and was unable to rise. At the count of ten McGovern started to rise but it was too late and the referee awarded the fight to "Young Corbett." Harding said that McGovern was completely out and that it was well for him he was unable to get up. Corbett was strong and ready and had McGovern risen to his feet he probably would have been seriously hurt. As it was, it was nearly a minute after McGovern had been carried to his corner before he was able to sit up or understand what had happened. The men in McGovern's corner claimed that the decision was an outrage. They said McGovern had been instructed to fight cautiously, and when he was knocked down he was to take the full count and that McGovern obeyed his instructions. They claim at the count of ten he was on his feet and although dazed knew what he was doing.

Chas. A. Walther, THE TAILOR.

The only first-class Merchant Tailoring Establishment in the city is the one conducted by Chas. A. Walther. There it is where you find a line of samples that represent the best foreign and domestic fabrics of the greatest variety to select from. There it is where the absolute correct fashions are found and transferred to you in DOWN TO THE MINUTE GARMENTS AT DOWN TO THE MINUTE PRICES.

THINK OF IT:
A TIP-TOP MADE-TO-MEASURE SUIT \$15
OR OVERCOAT FOR

'Tis true these garments are made in Cincinnati, but by the best popular-priced Tailoring concerns in this country. Those would-be-tailors who tell you that they are not made good, because they are not made here, are like the drowning man—grasping at a straw. They try to divert your attention from their own defective and inferior make. Don't be deceived by them. All Garments turned over to you at my hands must fit—must excel—no matter where made.

CHAS. A. WALTER, THE TAILOR,

White Building, 23 West Second.

My Trade Grows

with each season. Once a customer of mine not only means holding you but you will bring me one. Why? Because my stock of WALL PAPER is unique in richness of design, broad in its stretch from cheap to expensive and appealing to the good taste of every purchaser. An inspection of my store will convince you of the justness of my claim.

WHAT A DIFFERENCE IN

The Price of Good Shoes

Since Dan Cohen came to town. Everybody knows they can save money by buying Shoes at Dan Cohen's. We show the very latest up-to-date style in Men's Po Tay Toe last, made of Patent Colt Skin, worth \$5 and \$6, our price for this lot **\$3.48**. Dan Cohen buys and sells more shoes in one month than all Maysville and Mason County merchants do in one year.
